It's a New Year! 2018

Happy New Year:

We've had some snow, some cooooold days and some days close to 50 degrees. Ahh, New England weather- as unpredictable as ever. Our goal is to play outside each day unless icy conditions or temperature / wind chill prevent it. So, continue to send the winter/snow clothes. Thank you for your generous donations to the Prudence Crandall Center. They were very appreciative. The center invites donors to visit for one of their Hope Tours. It is a wonderful place. We will have our second field trip to Stop and Shop this month. On each of the next two field trips, we take along 10 parent chaperones. We ask you to choose one of the trips to come along with us. This gives us some practice traveling on the school bus without mom or dad. Each trip is fun so choose the one that best fits your schedule.

What is in store this month?:

This month we explore winter and snow with projects and science fun. On January 10th, we learn about hibernation with Teddy Bear Day! Bring your favorite *teddy bear* to school for some fun! Martin Luther King Jr. Day is observed this month on 1/15 (no school). We'll celebrate on 1/12. **Please send a piece of washed fruit ready to cut on the 12th. We're making Friendship Fruit Salad for snack time.** And, get ready for some cozy fun on Pajama Day on 1/31. We'll wear our pajamas and slippers to school! Please sign up for a Parent/Teacher conference. This is our time to talk about your child and all his/her growth!

Surprise Box: Share time changes to Surprise Box soon!

More information to come!

KENSINGTON NURSERY SCHOOL

UPCOMING EVENTS
